Professional Summary

AI-Native Software Developer, Programming Instructor, and Tech Content Creator with 3+ years of experience teaching programming and building software solutions. Passionate about developing modern web applications using Laravel, PHP, MySQL, REST APIs, and AI-assisted development workflows. Experienced with Claude Code, ChatGPT, and modern AI coding tools to rapidly prototype and deliver software.

Experience

Programming Instructor (2023 – Present)

- Delivered programming courses online and onsite.
- Taught Scratch, Python fundamentals, HTML, CSS, and programming logic.
- Designed coding exercises and practical projects.
- Mentored students and strengthened problem-solving skills.

Tutor Assistant | iSchool (2026 – Present)

- Supported instructors during programming sessions.
- Assisted students during coding labs and workshops.
- Explained technical concepts and managed classroom activities.

Technical Skills

Languages: PHP, Python, JavaScript, HTML5, CSS3, SQL

Frameworks: Laravel , React

Databases: MySQL, SQL Server

Backend: REST APIs, MVC, Authentication, CRUD

AI Tools: Claude Code, ChatGPT, Cursor, Prompt Engineering , Antigravity

Tools: Git, GitHub, VS Code, XAMPP

Projects

Clinic Management System

Built a Laravel-based clinic management system with authentication, appointments, patient management, billing concepts, and scalable database design.

EcoTech Market

Developing a marketplace platform for electronic recycling using Laravel with SaaS-oriented architecture.

AI-assisted Development

Used Claude Code and ChatGPT to accelerate development, debugging, documentation, and software architecture.

Technical Content Creation

Create educational programming and AI content across YouTube, TikTok, LinkedIn, Instagram, and Facebook.

Education

Student

Interested in Computer Science, Software Engineering, and Artificial Intelligence.

Languages

Arabic: Native

English: Professional Working Proficiency
